

PUBLIKATIONSLISTE PROF. DR. -ING. OLAF GÖBEL

Stand: Februar 2012

Publikationen

Göbel, O.: Scherwindmessungen an Bord einer Piper PA 18 und Auslegung eines Modellflugzeuges für den Dynamischen Segelflug. In: Proceedings DGLR1 Jahrestagung 1987, S.322 – 328, Berlin.

Göbel, O., Nottebaum, T.: Simulation optimaler Flugbahnen des Dynamischen Segelfluges und Auslegung eines Modellflugzeuges. In: Zeitschrift für Flugwissenschaft und Weltraumforschung Heft 1(1989). S. 48-56.

Laing, D., Göbel, O.: Sodium Heat Pipe Solar Receiver for a SPS V-160 Stirling Engine: Development, Laboratory and On-Sun Test Results. In: Proceedings IECEC2 91, August 1991, Vol. 5, S. 363 – 369, Boston, MA; USA.

Göbel, O., Laing, O.: Entwicklung eines Heat Pipe Receivers für ein solardynamisches Energieversorgungsmodul. In: Proceedings DGLR Jahrestagung 1991, September 1991, S. 465 – 470. Berlin.

Laing, D., Göbel, O.: Sodium Heat Pipe Receiver for a SPS V-160 Stirling Engine: Second Generation Design. In: Proceedings 6th Int. Symposium on Solar Thermal Concentrating Technologies, 28.September - 3.Oktober 1992, Vol. 1, S. 417-434, Mojacar (Almeria), Spain.

Göbel, O., Laing, D.: Second Generation Heat Pipe Receiver for a USAB-V-160 Stirling Engine: Development and On-Sun Test Results. In: Proceedings 28th IECEC, 8. - 13. August 1993. S. 2.539 - 2.545, Atlanta (GA), USA.

Göbel, O., Herbst, O., Köhler, W. u. a.: Heat Transfer Behaviour of an Absorber Tube with Direct Steam Generation by Water Injection Convective Flow Boiling. In: Taylor & Francis. ed. John C. Chen, Washington, DC, 1996.

Laing, D., Träbing, C., Goebel, O.: Heat Pipe Receiver Entwicklung - Hybridantrieb von Stirling-Motoren. In: Tagungsbericht Europäisches Stirling Forum 1996, 26. - 28.02.1996, Osnabrück.

Geskes, P., Göbel, O.: Improvement of the Heat Transfer Behaviour in Absorber Pipes with Direct Steam Generation. In: Proceedings of the Eurosun '96 Conference, September, 1996, Freiburg.

Göbel, O., Hennecke, K.: Investigation of Thermohydraulics in a Parabolic Trough Absorber Tube with Direct Steam Generation (DSG). In: Proceedings 8th International Symposium on Solar Thermal Concentrating Technologies, Oktober, 1996, Köln.

Göbel, O., Geskes, P., Geyer, M. u. a.: Direkte Dampferzeugung in Parabolrinnen Solarkraftwerken. In: Themen 1996/97 Forschungsverbund Solarenergie, c/o DLR, Linder Höhe, 51147 Köln.

Göbel, O.: Modelling of Two Phase Stratified and Annular Flow in Heated Horizontal Tubes. Proceedings Convective Flow and Pool Boiling Conference, May 18-23 1997, Kloster Irsee (Bayern).
